

# E-GMP batch-II at IIM inaugurated

TIMES NEWS NETWORK

**Trichy:** Indian Institute of Management (IIM) Trichy inaugurated the second batch of the post graduate certificate in executive general management programme (e-GMP) on Sunday.

The one-year long programme will be offered in a device-to-device mode in association with delivery partner, Jaro education.

The e-GMP Batch 02 is designed to help working professionals understand the purpose and key functionalities of the organization. This aims to help participants gauge the knowledge of contemporary business topics and cross functional view of an organization.

The programme's objective is to develop perspective, managerial skills and equip the students with analytical tools, techniques and frameworks required to make cross functional, integrated management
