Information Sought (जानकारी मांगी):

registration number 7141017. I had taken admission in 2018 for the PGDM program. But, I had to withdraw a later date 7/17/2018 because of my health and family situation as it required me to stay closer to my parents place.

On withdrawal, I was refunded only the hostel deposit of Rs. 35,000 of the total of Rs. 2,65,000. However, my friends in exactly similar situation as mine got refund on pro-rata basis and approximately Rs. 2.3 lakhs from IIM Ranchi for approximately the same time period. This is a very distressing situation for me because it is a very large amount that I had taken from my parents for higher education and I had left job to pursue higher education.

I request your kind guidance on how to address this issue.

Your guidance will help me a lot in this distressing situation. I shall be highly obliged and grateful to you. Thanking you. Yours sincerely.

Reply to Query: IIM Trichy policy for withdrawal clearly states that no money (except the refundable amount) will be refunded if admission is withdrawn after the registration date (i.e 23rd June 2018). In this regard, please refer to Para 5 of the Explanatory Note to Admission Offer. The relevant excerpts of the admission letter are furnished below for your reference.

"5. Withdrawal of admission acceptance:

As mentioned above, 23 June 2018 is the date of registration for the PGP. Candidates who have accepted admission can withdraw the admission acceptance for PGP for 2018-20 batch for IIM Tiruchirappalli on or before 23rd June 2018.

Candidates withdrawing the acceptance are required to send communication in writing to reach the Institute on or before 23rd June 2018. Such candidates will be refunded the entire amount paid by them after deducting Rs. 1,000/- as processing charges. The registration is scheduled on 23rd June 2018. Therefore, request for withdrawal of offer received after 23rd June 2018 will not be considered for refund and the entire fee paid including OAA will be forfeited and no refund of any fee or OAA will be made. Such candidates will be refunded only the Refundable Deposits."

Since we had received your withdrawal request on 17th July 2018 (copy of the email is attached herewith), as per our refund policy, the refundable deposit of Rs. 35,000/- was refunded to you. It is pertinent to mention here that you are also very clear about the withdrawal policy of the Institute and thus, you had mentioned in your email dated 17 July 2018 to refund the amount of Rs. 35,000/- only. Please note that all the IIMs are standalone Institutes and each IIM has its own policy regarding the refund of fees, which is more or less similar. It is once again reiterated that since you had withdrawn from the Programme on or after 23 June 2018, you were only eligible to get the refundable deposits of Rs. 35,000/- and the entire fee paid including OAA stands forfeited.

Reply to Q. No 1 to 4: In the wake of COVID-19 pandemic, the Institution shall remain closed during this lockdown period as per the letter number 40-3/2020-DM-I(A) from the Ministry of Home Affairs. Now essential services are only functioning in the institute. Hence physical inspection of documents mentioned in point 1 to 4 is not possible as of now. Hence this RTI is considered to be disposed of as of now.

Reply to Q. No 5 to 14: All this information was available to you when you worked at IIM Tiruchirappalli. Moreover, looking at the voluminous details and large information sought in point number 5 to 14, large number of human resource would require to collect this information and devote huge amount of time, which at this point of time is not possible. Hence all the information sought in point 5 to 14 is denied.

I was shortlisted for the second round i.e. WAT-PI of Common Admission Process (CAP) of new IIMs which included IIM Tiruchirapalli as well. I appeared for the WAT-PI round of the process on 04/03/2020 in the afternoon slot at 12:30 pm in Mumbai. My Personal Interview (PI) and Written Ability Test (WAT) went very well and I was quiet hopeful of my selection.

On 23/05/2020 IIM Tiruchirapalli released its list of selected candidates. I was surprised that I was not selected and was waitlisted in the General-EWS category which indicates that I was given less marks in WAT and PI.

Subject - eligibility of class C employee for backward class in punjab

RESPECTED SIR,
I request to seek information as per RTI ACT 2005.I shall be grateful to you for providing me with the necessary information

All questions are regarding Eligibility for class C employee(pharmacist and staff nurse) (salary more than 8 lakh)

1. Will their wards be eligible for non creamy benefits based on status of class C or will they have to be eligible on the basis of income/wealth test of 8 lakh income criteria (income here is income from other sources as per government orders and excludes salary income and agricultural income)
2. Will son/daughter continue to be in non creamy layer after parents retire as class C employee on the basis of status /wealth test or will income criteria be applied again after retirement to determine new status (if non creamy layer status gets cancelled on retirement)
3. If new status is to be determined again after retirement of non creamy layer parents and previous status while obtaining BC certificate becomes invalid then Will their pension be clubbed under income for determining creamy layer status
4. Is interest income to be clubbed as income from other sources
5. If the status of parents changes from non creamy to creamy after a year of admission of their ward into education institute then will the seat allotted be cancelled midway during the education course(Non creamy while admission ie. status changes post admission into a college)
6. Is candidates income is going to be included in income to determine status
7. In BC HANDBOOK OF KERALA pension of retirement government employees is not included in income. does that rule apply to state of punjab as well

Yours sincerely

If the examiner's report is favourable, then the candidate can proceed toward public defense. If two or more examiners give unfavourable reports, then the student is required to resubmit the dissertation. On resubmission of dissertation, again the same process of sending the dissertation to examiners will be followed. A student can resubmit the dissertation only once. If the dissertation receives unfavourable report from two examiners for the second time, the student will cease to be part of the programme and his / her registration will be terminated. Accordingly, various facilities like institute accommodation, institute e-mail access and stipend will be permanently withdrawn.

f) Disciplinary Procedure:

11.14 Academic dishonesty - Disciplinary procedure:

1. A possible case of academic dishonesty by a student can be raised by the faculty member of the concerned course, the Teaching Assistant (TA) of the concerned course, or any other student. In case the possibility of academic dishonesty is raised by the TA or any other student, they may bring the issue to the notice of the concerned faculty member.
2. The faculty member, should he/she be satisfied that an act of academic dishonesty has been committed, may proceed with the disciplinary procedure (keeping the FPM Office and Chairperson informed). The faculty member is strongly encouraged to consider educative responses to academic misconduct or the following recommended disciplinary process.
3. Upon completely satisfied that an act of academic dishonesty has been committed, the faculty may decide on any of the following penalties:
 - A written reprimand of the student's act
 - Deprive the student of the credit for the component of assessment to which the dishonest act relates
 - Award a "U" (Unsatisfactory) grade for the concerned course.
4. If the faculty member feels the infraction to be severe or in the case of recurrent acts of dishonesty by a student, the faculty member may recommend the following penalties for the consideration of FPM Committee:

5. The FPM Committee may accept or reject the recommendation. The Committee's decision is final in this regard.
6. The concerned student may appeal to FPM Chairperson against the penalty imposed by the faculty or the FPM Committee as the case may be, within seven days of receipt of the decision from the faculty or the FPM Committee.
7. The FPM Chairperson would constitute an Appeals Committee to look into the appeal. The Appeals Committee would comprise of two faculty members, of whom at least one of them would be from an Area / Group that is different from that of the course for which the penalty is awarded, and the FPM student representative.
8. The student is entitled to have a fair hearing by the Appeals Committee.
9. The Appeals Committee may either dismiss or allow the appeal in whole or in part. The Appeals Committee must dismiss the appeal unless the majority of its members are satisfied that a ground for appeal has been established.
10. The student may make a final written appeal to the Director of the Institute, clearly citing the grounds for appeal. The Director may either dismiss or allow the appeal in whole or in part. The decision of the Director is final.
11. Any student penalized for any academic dishonesty (as outlined above) would not be eligible for any merit certificate or medal awarded by the Institute.

12.4 Disciplinary and Appellate Authority:

The following is the Disciplinary Authority and Appellant Authority for FPM Student:

<i>Complainant / Respondent</i>	<i>Disciplinary Authority</i>	<i>Appellate Authority</i>
FPM Student	FPM Chairperson	Director

4. The fellowship holders at IITs/IIMs comes under which code of conduct rules and regulations:

Reply to Q. No 4:

As per the FPM Manual, the following are the code of conduct rules and regulations to be followed by the FPM Students at IIM Tiruchirappalli:

11. Behaviour at the Institute:

Students are expected to behave in a congenial manner at all places and at all times, and required to maintain decorum at all times and at all places including classrooms, hostels. In short, students are not expected to behave in any manner unbecoming of an IIM student. Students are expected to behave in an exemplary fashion at all times. Students whose behaviour is not befitting IIMT will cease to be part of the programme and his / her registration will be terminated. Accordingly, various facilities like institute accommodation, institute e-mail access and stipend will be permanently withdrawn.

The decision of the FPM Committee will be final in all matters pertaining to student discipline in or out of the classroom. Students are required to:

- Take part in all activities organized by the Institute
- Clear their dues to IIMT and all student bodies as per schedule
- Uphold their own integrity and maintain loyalty to the IIMT community at all times

11.1 Usage of Institute Property:

Students are required to safeguard all the property of the Institute. Those who take charge of any classroom area for their organized activity, are responsible to ensure that the room is locked and all institute property secured by the IIMT security staff before leaving.

Students are expected to use classroom facilities including furniture and audio-visual equipment with care. The cost of damage to the Institute's assets due to negligence will be recovered from the students causing the damage. Deliberate damage to institute assets will result in recovery of costs as well as punitive fines and other penalties such as suspension and expulsion of the student from IIMT.

Students who wish to make use of classrooms for other academic activities are required to inform the FPM Office at least one working day in advance and submit a written request to the FPM office. Classrooms will be allotted subject to availability. Mutilation, hoarding or removal of material from the library without permission are considered serious offences.

11.2 False Information:

Students are expected to represent facts truthfully, to all concerned, at all times. Students providing false information in any institute activity will be punished severely. This includes any false information given in resumes for placements. Such instances if found may lead to expulsion from the program.

11.3 Academic Integrity:

The Institute expects its students to live up to high standards of academic integrity. Academic dishonesty in any form will lead to severe penalties. Some of the most commonly committed acts of academic dishonesty and their concomitant disciplinary procedures/ actions, are discussed here.

11.4 Behaviour during Classes:

No student will be allowed to enter the class room once the class has begun. The time in the class clock will be considered as the correct time for this purpose. If any exam/quiz/assessment component is scheduled for the class, the student will be awarded zero. No re-exam, re-quiz or any other way of making up for that component will be permitted.

If a student is found sleeping in the class or operating electronic equipment without approval, or disturbing the class proceedings, the faculty member may ask the student to leave the class immediately, and inform the FPM Office after the class. In such a case, attendance for that class will be cancelled. In case of such repeated instances, the faculty may report to the FPM Committee for suitable disciplinary procedure.

11.5 Proxy attendance:

Registering one's attendance through another person when one is not present (proxy) is not permitted and both persons are liable for strict punishment. Penalty may involve suspension, rustication and for repeated offences, the student(s) involved may be asked to leave the programme.

Students are instructed to sign on the attendance sheet of each session without disturbance to the class. At the end of the session, the concerned faculty member will sign on the sheet. Once the faculty sign on the sheet, no student will be permitted to sign on the sheet after the class session is over. This will be closely monitored by the FPM Office. The details of the penalty for proxy signature would be as follows

- In the 1st instance, if a student is identified to have been involved indulging in proxy signature, 1 grade point will be reduced from the final grade obtained by the student in that course.
- In the 2nd such instance, the student will be awarded "U" grade in that course.
- In the 3rd such instance, the student will be expelled from the institute

11.6 Academic Dishonesty:

Resorting to copying or helping to copy in any form in examinations or quizzes or take-home assignments or other elements of evaluation, reproducing passages/phrases from written work of others without necessary acknowledgement, passing or receiving papers in connection with any academic work to be evaluated or canvassing for grades is strictly prohibited.

Academic dishonesty in any form, however minor it may be, will lead to severe penalties including expulsion from IIIMT. Penalties will not be waived in any case, even when it is the first instance of dishonesty by the student.

Unless otherwise specified by the faculty concerned, students must not collaborate in any way in so far as their writing effort is concerned in connection with home assignments. In other words, the answers as presented to the faculty concerned should be the independent work of each student. They are advised that they should not, in their own interest, communicate their written analysis or answers in home assignments to any other students. Students are advised not to pass on their examination answer papers and written assignments to the next batch.

11.7 Behaviour during Examinations/Quizzes:

The students must maintain strict discipline in classrooms, examinations, tests, quizzes, takehome assignments and all other segments of academic work. No student will be allowed to enter the examination/quiz hall once the exam/quiz has begun. The time in the class clock will be considered as the correct time for this purpose. Students arriving late for a quiz/exam will not be allowed to take the quiz and will get zero marks for that quiz/exam, and no re-quiz/reexam will be allowed nor will extrapolation be allowed based on marks they scored in other components.

Notwithstanding anything contained in these rules, no discussion of any sort will be permitted in the examination halls; and the faculty members / invigilator, if they deem fit, may disallow or restrict discussion or consultation about the home assignments and examinations or may adopt any other measure to prevent the use of unfair means in any segment of evaluation. The decision regarding whether a student was found talking, or causing disturbance, or discussing with another student or indulging in any malpractice during an examination / quiz / test will solely rest with the invigilator. The invigilator may ask any such student to leave the exam hall immediately, make an entry in the answer paper, and report to FPM Office upon completion of the exam. The grade/marks for that component will be considered as zero. This would be in addition to any other penalty that may be levied by the FPM Committee.

The invigilators will rigidly enforce the following steps during the examinations so as to ensure proper discipline during the examinations:

- Students are assigned specific seats in the examination classrooms and have to occupy the assigned seat only and attendance will be noted according to the seating arrangement. The invigilator may re-assign the seats at his/her discretion.
- All students must occupy their respective seats as per the seating plan. This will be followed even for courses where the number of students is small.
- Students would ordinarily not be permitted to go out of the examination hall temporarily. Under exceptional circumstances, permission to go out may be granted one hour after the examination has started. However, only one student at a time will be allowed to go out and the period of their absence from the examination hall will be recorded in the time chart.
- Students are not permitted to take examination notebooks, answer sheets and continuation sheets out of the examination hall. Students found violating this rule will be awarded 'zero' in the component and in cases where the examination or quiz was going to follow for another

section, the student may be awarded 'D' grade with the minimum numerical grade of 'D' grade in the course.

- Students not submitting their answer sheet before leaving the examination hall will get a zero in that examination. Re-examination will not be permitted. Extrapolation of grades from other evaluation components will also not be permitted. Hence, students are requested in their own interest to ensure that the answer sheets are handed over personally to the supervisors before leaving the examination hall.
- Mobile phones are not allowed to be carried on your person during examinations/quizzes. If the mobile phone rings during an exam, even if the phone is in the student's bag kept in the examination hall, the student will be asked to leave the examination hall immediately and he/she will not get any credit for that exam. Reexamination will not be permitted. Extrapolation of grades from other evaluation components will also not be permitted.

11.8 Plagiarism:

Plagiarism refers to the representation of someone's idea or language as one's own idea or language, or without adequately crediting the original source of the idea or language. For example, copying a passage straight from a book, a website, or any other source into one's work without using quotation marks and explicitly citing the source is plagiarism.

Plagiarism also includes presenting someone else's line of thinking in the development of an idea as if were your own. Even when the ideas are paraphrased in the author's own language, the original source needs to be cited. Significant ideas of others received through personal discussions should also be appropriately credited.

Arranging one's ideas exactly as someone else did even though one acknowledges the source(s) is also plagiarism. Information that is accepted as "common knowledge" may be used without acknowledgment. However, what constitutes "common knowledge" may vary from discipline to discipline. Students are encouraged to consult the concerned course faculty should they need any clarifications in this regard. A general guide to academic integrity and tips to avoid plagiarism can be found in this link:

https://integrity.mit.edu/sites/default/files/documents/2015_AcademicIntegrityHandbook_Col or.pdf

Since referencing and citing styles differ across management disciplines, students are encouraged to actively engage with course instructors, faculty mentors and DAC members to learn and understand the nuances of the referencing and citing styles applicable to them.

Each significant submission that the student makes (term paper, research paper, CQE submission, proposal document, dissertation and so on) should be accompanied with a "Turnit-in" report generated by the student.

11.9 Multiple Submissions:

It is expected that all work submitted as part of any course has been done only for that course. Students are expected to avoid multiple submissions which refer to the submission of same or substantially similar work for credit in more than one course, even if the work is being graded on different basis in different courses. The concerned course faculty will be the final arbiter of what qualifies as multiple submissions.

11.10 Cheating:

Cheating in examinations refers to using or attempting to use materials, information, notes, study aids, or other assistance in any examination or evaluation component, which has not been authorized by the concerned course faculty. Cheating also includes resorting to copying or helping to copy in any form in examinations or quizzes or home assignments or other components of evaluation. Students may not acquire unauthorized information about an examination or evaluation and may not use any such information improperly acquired by others.

11.11 Smoking:

IIMT is a non-smoking area. Prohibition of Smoking in Public Places Act and Rules will apply to all areas of IIMT.

11.12 Ragging:

Ragging is a criminal and non-bailable offence, punishable with fine, dismissal from the institute, and imprisonment as per Government of India regulations. All FPM students are required to read the FPM Manual in detail, and sign an undertaking that they have read and understood the guidelines of the FPM programme. By signing this undertaking, the student is also abiding by the rules of the institute to not indulge in ragging.

11.13 Classroom Behaviour:

Mobile phones must be in a switched off position in the classroom. Laptops and other portable internet access devices are not ordinarily permitted to be used while the classroom sessions are being conducted unless so specifically instructed by the course instructor.

11.14 Academic dishonesty - Disciplinary procedure:

1. A possible case of academic dishonesty by a student can be raised by the faculty member of the concerned course, the Teaching Assistant (TA) of the concerned course, or any other student. In case the possibility of academic dishonesty is raised by the TA or any other student, they may bring the issue to the notice of the concerned faculty member.
2. The faculty member, should he/she be satisfied that an act of academic dishonesty has been committed, may proceed with the disciplinary procedure (keeping the FPM Office and Chairperson informed). The faculty member is strongly encouraged to consider educative responses to academic misconduct or the following recommended disciplinary process.
3. Upon completely satisfied that an act of academic dishonesty has been committed, the faculty may decide on any of the following penalties:

- A written reprimand of the student's act
 - Deprive the student of the credit for the component of assessment to which the dishonest act relates
 - Award a "U" (Unsatisfactory) grade for the concerned course.
4. If the faculty member feels the infraction to be severe or in the case of recurrent acts of dishonesty by a student, the faculty member may recommend the following penalties for the consideration of FPM Committee:
 5. The FPM Committee may accept or reject the recommendation. The Committee's decision is final in this regard.
 6. The concerned student may appeal to FPM Chairperson against the penalty imposed by the faculty or the FPM Committee as the case may be, within seven days of receipt of the decision from the faculty or the FPM Committee.
 7. The FPM Chairperson would constitute an Appeals Committee to look into the appeal. The Appeals Committee would comprise of two faculty members, of whom at least one of them would be from an Area / Group that is different from that of the course for which the penalty is awarded, and the FPM student representative.
 8. The student is entitled to have a fair hearing by the Appeals Committee.
 9. The Appeals Committee may either dismiss or allow the appeal in whole or in part. The Appeals Committee must dismiss the appeal unless the majority of its members are satisfied that a ground for appeal has been established.
 10. The student may make a final written appeal to the Director of the Institute, clearly citing the grounds for appeal. The Director may either dismiss or allow the appeal in whole or in part. The decision of the Director is final.
 11. Any student penalized for any academic dishonesty (as outlined above) would not be eligible for any merit certificate or medal awarded by the Institute.

- Mail the scanned copies of the (i) payment receipt, (ii) diploma / degree certificate, and (iii) consolidated grade sheet of the alumni student to pgpoffice@iimtrichy.ac.in for verification.
- Verification fee of Rs.500/- (Rupees five hundred only) would be collected for verifying the credentials of the alumni.

In addition, as per the Government of India notification academic awards of the students of IIM Tiruchirappalli have been uploaded in the National Academic Depository (NAD) portal on the pattern of the Securities Depository. The NAD would help in validating the authenticity of these awards and ensuring their safe storage and easy retrieval. Maintaining academic awards in a digital depository would provide benefit to educational institutions, students, and employers by enabling online access and retrieval; eliminate fraudulent practices such as faking/forging of certificates and mark-sheets and facilitate validation.

Reply to Q. No 5: IIM Tiruchirappalli is an autonomous Institute of National Importance under Ministry of Education and its Board is the highest decision making body of the institute. There are several things discussed during the meeting, all of which, if disclosed, would affect the competitive position of the institute in respect to other business schools as there exists a high degree of competition among them. The meetings also relate to various academic decisions that have no relationship with public activities or interests.

The matters related to public interests, such as academic programmes, admission criteria, faculty and staff recruitment announcements, tenders, annual accounts / report of the institute, etc., are available in the institute website (<https://www.iimtrichy.ac.in>).

Reply to Q. No 4 (Sl. No 3 is mentioned in RTI Application): About Mess Committee on Food Safety measures and Quality:

1. We not only see that the vendor is proving the best quality ingredients, we also conduct thorough inspection of the brands of the products used and their quality twice a week.
2. We conduct visual inspections of the overall mess operations every day.
3. There are strict penalties in place in case there is any issue with the food quality, which helps us make sure that the vendors provide the best quality food that has been promised.
4. There is a feedback system in place for the students to report any issues with their food, and all the complaints are usually resolved the same day itself unless they require administrative assistance. And the complaints requiring administrative assistance are forwarded to the respective authorities at the earliest.

About list of menu for residential students:

1. The menu is designed by collecting responses from the students of both the batches, through a google form which collects the likes and dislikes of the entire batch. The responses are then sorted and the menu is designed based on the responses collected.

2. Menu is changed every Term and the changes are purely based on the students responses and what a majority of students have filled in the form.

3. We also take into consideration the diversity of culture which is there in the college where students from over 20 states live together. So the menu is adjusted based on what will be a good fit for different cultural preferences.

4. Fruit/salad are included in at least 2 meals of the day every day, considering that they are a health factor.

5. We also organize a monthly feast, as a change to the routine menu being followed, which includes a variety of dishes for both vegetarian and non-vegetarian students.

We are attaching one of our latest regular menu and one feast menu for your reference.

Note: The above procedures fully apply only during regular operations. Currently there might be changes owing to the COVID-19 situation, which don't come under the purview of the mess committee.

SCHEME OF 'POST-MATRIC SCHOLARSHIP' FOR STUDENTS BELONGING TO THE MINORITY COMMUNITIES

1. BACKGROUND

The Prime Minister's New 15 Point Programme for the Welfare of Minorities was announced in June, 2006. It provides that a post-matric scholarship scheme for meritorious students from minority communities would be implemented.

2. OBJECTIVE

The objective of the scheme is to award scholarships to meritorious students belonging to economically weaker sections of minority community so as to provide them better opportunities for higher education, increase their rate of attainment in higher education and enhance their employability.

3. SCOPE

The scholarship is to be awarded for studies in India in a government or private higher secondary school/college/university, including such residential institutes of the Government and eligible private institutes selected and notified in a transparent manner by the State Government/Union Territory Administration concerned. It will also cover technical and vocational courses in Industrial Training Institutes/ Industrial Training Centres affiliated with the National Council for Vocational Training (NCVT) of classes XI and XII level including Polytechnics and other courses (any course of less than one year duration is not covered under this scheme; Certificate courses are also not covered).

4. ELIGIBILITY

Scholarship will be awarded to the students who have secured not less than 50% marks or equivalent grade in the previous final examination and the annual income of whose parents/guardians from all sources does not exceed Rs.2.00 lakh.

11. DISTRIBUTION

Muslims, Sikhs, Christians, Buddhists, Jain and Zoroastrians (Parsis) have been notified as minority communities under Section 2 (c) of the National Commission for Minorities Act, 1992. A total of five (05) lakh scholarships are targeted to be distributed as 'Fresh' Scholarships, besides, Renewal scholarships. The distribution of scholarship among the States/Union Territories will be made on the basis of population of minorities in the States/Union Territories as per Census 2001 for 2017-18 and as per the population of minorities in the States/Union Territories of Census 2011 for 2018-19 and 2019-20 (as per Appendices- A & B).

6. EARMARKING

- i) 30% scholarship is earmarked for girls students of each minority community in a State/UT which is transferable to male students of that community in case of non-availability of female students in that community in the concerned State/UT. 30% is the floor and not the ceiling for eligible girl students.
- ii) If the physical target of scholarship for a particular minority community in a state/UT is not utilized, it will be distributed among the same minority

community in other States/UTs strictly in accordance with merit and without disturbing the national ratio. Any unutilized community quota shall be distributed amongst other communities again in accordance with merit and without affecting the overall national quota.

- iii) A student residing in a particular State/UT will be entitled for scholarship under the quota of that State/UT only irrespective of his/her place of study.

7. SELECTION PROCEDURE

Fresh - As the number of scholarships for minorities available in a year is fixed and limited, it is necessary to lay down preference for selection. Inter-se selection weightage is to be given to poverty rather than marks (the applicant is required to submit an income certificate as per para-11(ii)). In case of same income, merit shall be generated from 'Date of Birth' criteria of applicant (senior is preferred).

Renewal – There is no merit list generation for renewal cases. Renewal applicant will get the scholarship if one has obtained 50% in his/her previous year's examinations (at the same institute and in same course) and his/her application is verified by all authorities (as designated by Ministry of Minority Affairs) and approved by State Governments/UTs.

8. DURATION

The scholarships shall be provided for the entire course of the academic year. Maintenance allowance will be given as fixed lump sum amount in an academic year (as per para-9 below) for 2017-18 to 2019-20.

9. RATES OF SCHOLARSHIP

Actual financial assistance will be provided for admission & course /tuition fee and maintenance allowance as given below subject to a maximum ceiling indicated against item concerned for 2017-20. The details of the scheme interventions for 2017-18 to 2019-20 are as under:

FIXATION OF PAY ON APPOINTMENT OF
SAO, IIMT

Sir,

I joined IIM Tiruchirappalli, Trichy as Senior Administrative Officer on 01.08.2018.

At the time of interview, I requested the Selection Committee to consider pay protection as well as maximum number of advance increments as I was working in the same grade pay for 4 years at NIEPA. My salary slip for the month of May was sought and in the offer of appointment letter it was informed that my pay has been at Rs.76,200/- i.e Cell No. 5 Pay of Level 11. I assume that the Selection Committee had allowed 02 advance increments on my request.

As the offer letter was issued on 21.06.2018 and after completing the mandatory one-month notice period at NIEPA, I joined IIM on 01st August, 2018. In the meantime I became due for annual increment on 01st July, 2018 and my basic pay was fixed at Rs.74,000/-. A copy of fixation of pay at NIEPA and pay slip of IIMT are attached for ready reference.

In view of the above mentioned reasons, I request you to kindly re-fix my pay taking into account the last pay drawn by me at NIEPA and Selection Committee recommendations.

Thanking you,

Sub: Revision of Basic Pay on appointment of Mr G Veerabahu, SAO – reg.

1 Mr Veerabahu was appointed as SAO and joined service at our Institute on 1st August 2018. The Selection Committee recommended that "In view of considerable experience at the same level, two additional increments may be granted after pay protection to Mr Veerabahu". At the time of issue of appointment order i.e. 21st June 2018, his Basic Pay at NIEPA is Rs.71,800/- (Level-11, Cell-3). Hence his initial basic pay was fixed at Rs.76,200/- per month (Level -11, Cell No.5) as per selection committee recommendation.

2 Now we have received a request from Mr Veerabahu stating that his basic pay was revised to Rs.74,000/- (Level-11, Cell No.4) with effect from 1st July 2018 due to annual increment. Hence he has requested to re-fix his pay taking into account the last pay drawn by him at NIEPA. Request Letter of Mr Veerabahu is placed as Annexure-I.

3 In view of the above it is proposed that the Basic Pay of Mr Veerabahu may be revised to Rs.78,500/- (Level-11, Cell No.6) with effect from 1st August 2018. The total emolument details for the revised basic pay is given below:

Pay Level -11 – Cell No. 6	
Basic Pay	78500
Dearness Allowance (9%)	7065
Transport Allowance (TPA)-Flat	1600
139% of DA on TPA	2224

Sir,

**Sub : Sanction of additional increment as recommended by
Selection Committee for the appointment as SAO**

Enclosed please find the Selection Committee minutes in which I was selected as SAO in IIM Tiruchirappalli. The Selection Committee recommended for two additional increments as I was working in the same grade pay in my parent office NIEPA after protecting my pay.

However, my pay was fixed in IIM Trichy by just giving one additional increment. As per RTI reply received by me no decision has been taken on my request which is pending for more than 1 year four months as it is causing cumulative financial loss.

It may be noted that even though I was appointed as SAO, I was directed to perform the duties of CAO which is a higher grade post and for which also I was not given any charge allowance as per DoPT rules.

Therefore, I request you to kindly sanction the one additional increment as recommended by the Selection Committee from my date of appointment i.e 01.08.2018.

Yours faithfully,

(G.Veerabahu)

No. 1/4/2017-Estt.(Pay-I)

Dated the 26th February, 2019

OFFICE MEMORANDUM

Subject:- Restriction of officiating pay under FR 35 in the context of CCS(Revised Pay) Rules, 2016-regarding

The undersigned is directed to state that in terms of the provisions contained in Fundamental Rule 35 (FR 35), the Central Government may fix the pay of an officiating Government servant at an amount less than admissible under the Fundamental Rules. Accordingly, orders have been issued from time to time indicating the circumstances and the extent to which provisions of FR 35 would apply. In this row, this Department vide OM No.1/4/2009-Estt(Pay-I) dated 08.03.2010 laid down the ceilings for restriction of basic pay under FR 35 in running pay bands and grade pay system in the 6th CPC scenario.

2. The question of revising these ceilings after implementation of CCS (RP) Rules, 2016 has been considered by the Government and the President is pleased to decide that the pay under FR 35 shall be restricted in a manner so that the increase in the basic pay of the post held by the Government Servant prior to the officiating appointment shall not exceed 12.5% subject to a maximum of Rs. 6700 per month. Any increase in excess of 12.5% of the basic pay with a further ceiling of Rs. 6700 per month shall be treated as substantial increase for the purposes of FR 35.

3. In case of appointment on promotion in the normal line within the cadre but which are not on regular basis, initially the pay may also be fixed under relevant rules. After such fixation of pay, if it is found that there is no substantial increase in the pay so fixed as defined in para 2 above, the restriction under FR 35 will not be applied as shown in **Illustration 1**. However, after such fixation of pay, if it is found that there is substantial increase in the pay so fixed, the restriction as mentioned in para 2 above will be applied. In that case, after restriction of basic pay if there is no such Cell equal to the amount so arrived after restriction is available in the Level of Pay Matrix of the officiating post, the officer shall be placed at the next higher Cell in that Level even if the limit for restriction mentioned in para 2 above is breached, as shown in **Illustration 2**. The Government servant will earn his annual increment on the basic pay so fixed after imposition of restrictions under FR 35.

4. However, in the cases where the pay of the officer after imposition of the restrictions in the manner indicated above is fixed at less than the value of the first Cell of the Level of the officiating post, in that case, his pay will be fixed in the Level of post held by him before such officiating appointment. If no such Cell equal to the amount so arrived after restriction is available in the Level of post held by him before such officiating

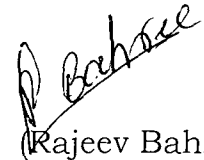

appointment, the officer shall be placed at the next higher Cell in that Level even if the limit for restriction mentioned in para 2 above is breached and he will draw his annual increment(s) in that Level of the lower post till he reaches the minimum of the Level of the officiating post. After one year of reaching/surpassing the minimum of the Level of the officiating post, the officer will become entitled to increment in the Level of the officiating post and his pay will be fixed in Cell 2 of the Level of the pay matrix of the officiating post as shown in **Illustration 3**.

5. In cases of appointments on promotion in the normal line within the cadre but which are not on regular basis, the pay shall be restricted under FR 35 in the manner given above. However, restriction of officiating pay under FR 35 will not be invoked in respect of regular cadre promotion where the employee who becomes due for promotion falls within the zone of consideration and fulfils all the conditions of eligibility prescribed in the Recruitment Rules for promotion.

6. The new rates will be applicable with effect from the date an employee draws pay in the revised scale of pay applicable in accordance with Central Civil Services (Revised Pay) Rules, 2016.

7. In so far as the persons serving in the Indian Audit and Accounts Department are concerned, these orders issue in consultation with the office of the Comptroller and Auditor General of India.

8. Hindi version will follow.

Illustration 1

An officer was drawing pay of Rs.78500 in Cell 6 of Level 11 before his appointment to officiate in Level 12 carrying duties and responsibilities of greater importance than those attaching to the post held by him before such appointment.

On the date of his officiating appointment, he may be granted one increment (Cell 7 in Level 11-Rs.80900) and thereafter, he is to be placed at a cell equal to the figure so arrived (Rs.80900) in the Level 12. Since no such cell equal to Rs. 80900 is available in Level 12, he shall be placed at the next higher cell in that Level [Cell 2 of Level 12- Rs.81200/-].

After such fixation since there is only an increase of amount of Rs.2700 (Rs. 81200-78500) which is less than 12.5% of the basic pay (Rs.78500) of the post held earlier by the officer before such officiating appointment and further limit of Rs.6700/-, there is no substantial increase in the pay so fixed. The restrictions under FR 35 will, therefore, not apply in this case and his pay will be fixed at Rs.81200/- (Cell 2 in Level 12).

Illustration 2

An officer was drawing pay of Rs.175500 in Cell 13 of Level 13 before his appointment to officiate in Level 14 carrying duties and responsibilities of greater importance than those attaching to the post held by him before such appointment. In this case, his pay is to be fixed in the following manner under FR 35:-

On the date of his officiating appointment, he may be granted one increment (Cell 14 of Level 13- Rs.180800) in the Level (Level 13) of the post held by him before officiating appointment. Since no cell equal to 180800 is available in Level 14 he shall be placed at the next higher cell in that Level (Rs.182700- Cell 9 of Level 14). By such fixation of pay, the increase in pay comes to Rs. 7200 (Rs. 182700-175500). Amount of /Increase of Rs.7200 is more than increase of Rs.6700/- permissible under FR 35 and as such this increase shall be treated as substantial increase for the purpose of restriction under FR 35. Thus, his pay is to be fixed at Rs. 182200(175500+6700). However, as no such cell equivalent to the value of Rs. 182200 is available in Level 14, his pay is to be fixed at next Cell in Level 14, i.e. Rs.182700 (Cell 9 in Level 14) breaching the limit of Rs.6700.

Illustration 3

An officer was drawing pay of Rs.36500 in Cell 2 of Level 6 before his appointment to officiate in Level 7 carrying duties and responsibilities of greater importance than those attaching to the post held by him before such appointment. In this case, his basic pay is to be fixed in the following manner under FR 35:-

On the date of his officiating appointment, he may be granted one increment (Cell 3 of Level 6 Rs.37600) in the Level (Level 6) of the post held by him before officiating appointment. However, no cell equal to amount of Rs. 37600 is available in Level 7 as minimum Cell value in Level 7 is Rs.44900 (Cell 1 of Level 7). If his pay is fixed at Rs.44900 (Cell 1 of Level 7) , the increase in pay comes to Rs. 8400 (Rs.44900-36500) which is more than increase of Rs.4562.5/- (12.5% of 36500) limit prescribed under this OM. As such this increase shall be treated as substantial increase for the purpose of restriction under FR 35. His basic pay is thus to be fixed at Rs.41062.5 (36500+4562.5) in the Level of the post held by him before such officiating appointment i.e. Level 6. Since no such Cell equal to the amount of Rs.41062.5 is available in Level 6, his pay is to be fixed at next Cell in that Level, i.e. Rs.41100 (Cell 6 in Level 6) breaching the limit of 12.5%.

OFFICE MEMORANDUM

Subject: Clarification regarding application of FR 49 – regarding

This Department undertook a review of FR 49 with a view to ensure that the provisions of the FR are applied in public interest and the spirit of the FR is maintained. It has been decided that the following points may be kept in view by Ministries / Departments while processing cases for giving additional charge –

- (i) The provisions of FR 49 apply only to Government servants. Appointments of an employee of an autonomous body/PSU etc to another such body would be governed by the Rules of the individual's employer;
- (ii) The provisions of FR 49 are applicable to cases where the post held by the Government servant and the post to which he is appointed are under the Government.
- (iii) Additional pay for holding additional charge of the posts in PSUs, autonomous bodies etc. is not permissible under FR-49.
- (iv) Appointments made under FR 49 should follow the spirit of the FR to meet short term requirements only and it may be ensured that the provisions are not used to indirectly confer promotional benefits in lieu of promotion.
- (v) Instructions of Ministry of Finance issued vide OM No. 7(7)/E.Coord/93 dated 3rd May 1993 read with OM No. 7(4)/E.Coord(I)/2001 dated 27th March 2001 regarding 'economy in administrative expenditures – guidelines for abolition of posts' may be kept in view in this regard so that approval of Ministry of Finance for revival of post(s) is obtained wherever necessary before assigning the additional charge of posts.
- (vi) While, the language of the FR 49 provides for appointment to a higher post, no occasion for appointing a Government servant to a post next above or even higher than the post next in hierarchy should arise. Such appointments may not be made without the approval of Department of Personnel and Training.
- (vii) Though appointments covered under FR 49(i) are not promotion, the Government Servant so appointed gets the pay of the higher post. While it may not be necessary to go strictly by seniority in making such stop gap arrangements, as far as possible the senior most officer holding the lower post in the Department may be so appointed. The suitability of the officer for discharging the functions of the post should also be assessed. If the post requires any specialised skill/experience/training, the person most suited for the task may be appointed.

- (viii) No person who is facing a disciplinary proceeding or is otherwise not suitable (for example who has an adverse entry in a recent APAR) should be given the additional charge.
- (ix) The orders for appointments may be issued only after obtaining the approval of the authority competent to make appointments to the post.

2. It is requested that the above information may be brought to the notice of all concerned.

Reply to Q. No 1 to 5: With reference to your RTI queries, our institution does not offer any undergraduate program. We offer only a two-year Post Graduate Programme in Management and many of our students come with multiple years of prior work experience. There have been no incidents of ragging reported in our institution.

As a part of the admission process, students are required to submit the duly filled signed undertaking form for anti-ragging along with their parent's signature. They are also briefed about the anti-ragging policy in the orientation program. Our program manual includes a section on our anti-ragging policy and the penal consequences for violation of the same.

First year students are lodged in separate hostels. Programme office is the contact point for the student for reporting about ragging in the campus. There has never been any report of any ragging incident reported to the program office.

Reply to Q. No 3 to 8:

It is stated that the information is scattered over a large number of documents and would require compilation which is beyond the purview of the RTI Act, 2005. It would also disproportionately divert the resources of the Institute under section 7(9) of RTI Act 2005. Hence, we would not be able to spend necessary time to create the information sought for.

Note: However, Class X and XII marks are not considered at IIM Tiruchirappalli for admissions to PGPM and PGPM-HR Programme.
